

Pioneer

Francis Treuherz recipient CAM 2003 currently practices at the Letch worth Centre for Healthy Living one among the complementary and alternative health centre in the UK Since 1984.

He began his studies in the mid 1970s and then studied at the College of Homeopathy in London. There followed studies at the Greek School of Classical Homeopathy with George Vithoulkas and his colleague Dr Vassilis Ghegas in Aionissos, Athens and London . He had been to India to spend his time in gaining knowledge with Dr. Jugal Kishore, Dr Diwan Harish Chand, Dr.H.L.Chitkara, Dr.S.P Dey, Dr.S.Dubey and the National Institute of Homeopathy. Francis Treuherz was a regular teacher at homeopathy schools Manchester, Helsinki, Stockholm and Prague, and a part time staff at the University of Westminster. He has also lectured in Amsterdam, Dublin, Galway, San Francisco, Seattle. He was the editor of The Homeopath, formerly a Board Member, Society of Homeopaths and elected once

Francis Treuherz

again in March 2000 to the Board as Hon Secretary. He is also a Trustee of the Homeopathy Action Trust. As a prescriber in different settings, in the inner city and the suburbs, in private and public practice Francis has become a skilled homeopath who will devote as much personal attention to each distant patient as he does with those who visit his consulting room.

Francis has been a contributor and developer of Mac Repertory and other special computer software for homeopathy . Since then he has used the program, promoted it, and trained hundreds of people to use it in the UK, Ireland and internationally.

Mr. Treuherz is an acknowledged specialist in this field and has widely published articles in various print and electronic medias.
